Variegated FLAKE may vary slightly from lot-to-lot due to limitations in the manufacturing process. To ensure optimal color consistency when using multiple lots, variegated colors should be intermixed prior to use.

*Fluorescent colors are not UV stable and are only intended for indoor use.

Photo Luminescent FLAKE are exclusively designed to be decorative in nature and serve to functionally enhance the aesthetic qualities of resinous flooring and wall coatingsystems. Glow FLAKE is not recommended to provide safety lighting.

FLAKE is a unique product composed of water-based resin materials, organic minerals, additives, and various pigments. It is integrally pigmented, brilliantly colored, random in shape, and sized within a standardized range.

FLAKE is available in over 150 colors and six standardized sizes that can be custom blended to fit any space. The unique properties and possibilities of FLAKE make it a great solution for commercial, residential, institutional, and industrial flooring projects.

Features	Benefits
DURABLE	Resinous flooring systems provide superior chemical and abrasion resistance over pre-engineered floors.
DECORATIVE	FLAKE enhances high-performance flooring by adding custom color and texture to complement any environment.
ECONOMICAL	FLAKE resinous flooring systems provide a cost effective alternative to pre-engineered floors.
SAFE	FLAKE resinous flooring media provides an orange-peel texture that increases the slip-resistance and safety.
HYGIENIC	Resinous flooring systems are wax free and easy to upkeep and clean with just soap and water.
SEAMLESS	Resinous flooring creates a seamless, flowing surface that won't collect dirt, moisture, or germs.
FLEXIBLE	Resinous flooring systems provide a flexible surface that deadens the noise of foot traffic and carts.
RENEWABLE	After years of use, efficiently revitalize your resinous floor by sanding the surface and applying a new topcoat.
